

MIS and Invoicing System - User Documentation

1. Introduction

What is MIS and Invoicing System?

The MIS (Management Information System) and Invoicing System is a comprehensive web-based application designed to streamline user management, group organization, and invoicing processes. This system provides an intuitive interface for managing organizational data efficiently.

Purpose

This system helps organizations to:

- Manage user accounts and authentication
- Organize users into groups
- Handle invoicing and billing operations
- Maintain secure access control
- Generate reports and analytics

2. System Requirements

- Frontend Requirements:

- Node.js 16+ and npm

3. Getting Started

3.1 Accessing the System

1. Open your web browser
2. Navigate to the application URL provided by your administrator
3. You will see the login page

3.2 First Time Login

For New Users:

1. Click on "Register" or "Sign Up" button on the login page
2. Fill in the registration form with:
 - Full Name
 - Email Address
 - Password (minimum 8 characters)
 - Confirm Password

3. Click "Register" button
4. You will be redirected to the login page
5. Enter your credentials to log in

For Existing Users:

1. Enter your registered email address
2. Enter your password
3. Click "Login" button

3.3 Dashboard Overview

After successful login, you will see the main dashboard with:

Top Navigation Bar: Contains user profile, notifications, and logout option

Sidebar Menu: Quick access to different modules

Main Content Area: Displays current module information

Quick Stats: Overview of key metrics

4. User Guide

4.1 User Management

Viewing Your Profile

1. Click on your profile icon in the top-right corner
2. Select "My Profile"
3. View your account information

4.2 Group Management

Creating a New Group

1. Navigate to "Groups" from the sidebar menu
2. Click "Create New Group" button
3. Fill in the group details:
 - Group Name
 - Group Type (if applicable)
4. Click "Create Group"

Viewing Groups

1. Go to "Groups" section
2. Browse the list of available groups
3. Click on any group to view details

Editing Group Information

1. Open the group you want to edit
2. Click "Edit Group" button
3. Modify the required information
4. Click "Save Changes"

Deleting a Group

1. Navigate to the group you want to delete
2. Click "Delete Group" button
3. Confirm deletion in the popup dialog
4. Note: This action cannot be undone

4.4 Navigation

Using the Sidebar Menu

- Click on menu items to navigate between modules
- Expandable sections show sub-menus
- Active page is highlighted

5. Features Overview

5.1 Authentication & Security

Login System

- Secure authentication using encrypted passwords
- Session management for user security
- Automatic logout after inactivity

Password Security

- Minimum 8 characters required
- Passwords are encrypted and stored securely
- Password reset functionality available

5.2 User Management Features

- User registration and profile management
- Role-based access control
- User activity tracking
- Profile customization
- Activity feed and notifications

5.5 Responsive Design

- Works on desktop, tablet, and mobile devices
- Adaptive layout for different screen sizes
- Touch-friendly interface for mobile users
